

Sheltered by the Warrior (Love Inspired Historical)

Her unexpected guardian Baron Stephen de Bretonnes sworn duty is to serve the king and that means finding the Saxons plotting against the throne by any means necessary. Protecting a Saxon woman and her half-Norman child? Merely a means to that end. But the lovely Rowena proves to be more than just a pawn in his plan. And his admiration for her could ruin everything if he can't stifle his feelings. While Rowena must begrudgingly accept Norman protection for herself and her baby, she knows better than to trust any man. Yet in the face of danger, can she also open her heart to her unlikely protector?
