

Loves Choice: Boxed Set of Book FOUR and FIVE of the Return to Redemption series

A boxed set containing Books Four and Five in The Return to Redemption Series--the hero (in Book Four) and the heroine (in Book Five) must each choose between two people they love Book Four, No Exchanges, No Returns There were never such devoted sisters... Dr. David Lambert and his wife, Brianna, received the ultimate gift from her fraternal twin. They gratefully accepted it, of course, because everyone knows you cant return a baby like an itchy sweater. Yet, thats essentially what Brianna does when she has a meltdown and unexpectedly divorces David. She runs from their home in Redemption, Pennsylvania, and leaves their surrogate--her sister, Casey--pregnant with his little bundle. When David chose her beautiful twin over her, Casey McIntyre hid her hurt behind a wall of sarcasm. Now that her sister has divorced her husband, its increasingly difficult to remember why the hunky pediatrician is supposed to be off limits--especially since Brianna doesnt seem to want him or care if Casey and he get involved. David always liked and admired his selfless ex-sister-in-law--despite that the sassy preschool teacher is always busting his chops. Consequently, after his wife bails on marriage and motherhood, its only natural he turns to Casey for sympathy. Unfortunately, the exasperating pixie becomes more irresistible with each day she carries his child. He already mistook lust for love once and jumped way too fast into marriage. Hes not about to botch up his life that way again Casey wants whatever happiness she can grab, whether its temporary or not. The only problem is, if she lets herself love her baby (or David), what will happen to her when her sister inevitably realizes her mistake and returns to Redemption? Book Five, A Heart Decision On her wedding night, Sabrina will share the bridal suite with one of her brothers best friends. Which one? She has

no idea! Sabrina Fitzpatrick helped plan her dream wedding last year for her brother and his wife. Now, she wants her own fairytale ceremony. She's tired of waiting for commitment-phobe, Detective Luke Marino, to realize she's been crazy about him since puberty. Consequently, when Luke's billionaire friend asks her to marry him, she's compelled to accept BJ Elliott's proposal, especially after he suggests their impending marriage might induce his idiot pal to finally step forward. Unfortunately, a week later, adrenaline-junkie Luke risks his life again and ends up temporarily confined to a wheelchair. BJ would love to give Sabrina an unforgettable wedding night, but he fears she'll never be happy with him if she doesn't resolve her feelings for his buddy, first. Therefore, even knowing he could lose her, BJ persuades her to become Luke's live-in nurse, offering her one last chance to convince the man she loves to take BJ's place at the altar (which BJ doubts his friend will ever do). If nothing else, he hopes Love'em and Leave'em Luke can convince Sabrina she'll make a lousy husband. Luke has two secrets not even his best friends know. The first is he aches for Sabrina with every fiber of his being. The second is he loves her enough to spare her the heartbreak that being his wife would undoubtedly entail. Much to Luke's dismay, his resolve to resist his buddy's fiancée is tested after Sabrina steps in as his nurse and starts prancing around in nothing but his threadbare T-shirt. If he surrenders to her seduction, it may destroy his relationship with BJ. And, worse still, if he gets a taste of loving Sabrina, how can he ever stand by and let her marry his friend?
