

Choices: Waking Up (Jacobs Tale - Book Four)

Four years ago, Jacob Jones went through the worst thing that could ever happen to him. Now a single dad to a precocious four year old boy, he grieves and has an almost unhealthy obsession with his dead wife. Until Margot Sinclair crashes into his world. Off limits as a student in his college Biology course, and off limits because of the walls he carefully constructed around his heart, she is seemingly irresistible. Will Jacob get over his guilt and learn to love again? Will Margot make it past his walls to find his passionate heart still beating and still desiring love? And will Jacob finally make the choice to let Charlottes memory go and embrace the newly awakened sexual desires that are simmering just under the surface? Book Four in a serial.
