

Casual Encounter Vol. 2

When I found out that Cade Shepard was my white knight, I let myself believe that I could fall in love again. And then I realized that everything had been a lie. Twenty-five year-old Bree Gamble feels betrayed by her best friend after discovering that the man she thought could help her get over her broken heart is nothing more than a paid escort. But Cade surprises her. He shows up at her door with an apology and a proposal. He offers to teach her how to become the kind of woman that no man will ever be able to refuse. He only has one rule: She can't fall in love with him or the deal is off. Will Bree give in to the temptation and risk losing her heart in the process? The second installment of Casual Encounter by best-selling author M.S. Parker is a must-read seductive roller-coaster.
