

Managing NASA in the Apollo Era

Few things can better serve managers in leadership roles in large, complex, technology-based organizations than knowing how other organizations have coped with the problems that must be solved to achieve success. This book is an exciting case study of the history of the Apollo program and how NASAs leaders and thinkers met the challenges of the Race for Space.

ch9 - NASA History Office The administration and organization are described and analyzed. **Managing NASA in the Apollo Era, Arnold S. Levine, James Webb** APA (6th ed.) Levine, A.
