Thomas Moore provides the original source material he drew on or quoted in his megabestsellers Care of the Soul, Soul Mates and The Re-Enchantment of Everyday Life. This companion volume is ideal for reading and study groups. Thomas Moore's first two books, Care of the Soul and Soul Mates, have sold two million copies, appeared on the New York Times hardcover bestseller list for 96 weeks combined and have touched the lives of millions of people across the country. The Re-Enchantment of Everyday Life is an essential companion volume, divided into chapters on topics such as marriage and intimacy, friendship and community, spirit and soul. For each chapter, Thomas Moore has created a study guide, with an overview of the theme and suggestions for discussion. However, the book is more than a reader's tool; it offers the wisdom and guidance of many cultures and ages. From the Greek tragedies and ancient magical texts to the writings of the Renaissance philosophers to those of modern archetypal psychologists, these passages were selected not only for content, but for the beauty and power of their language, making The Education of the Heart as much a richly rewarding reading experience as a resource.
