

Element Of Risk (Mills & Boon Vintage 90s Modern)

I thought I was rid of you - why the hell did you have to come back? It was eleven years - two lifetimes ago - since Perdita Gladstone and Luke Dennison had met last. Now the legacy of their shared past required another encounter. Perdita was no longer a gawky girl, but an assured woman with an international career. But did she have the confidence to handle a man like Luke, who made it clear that her reappearance in his life was not a welcome one? Robyn Donald captures passion in its rawest form, mixes it with a sit-up-and-take-notice storyline, and features enticing characters guaranteed to knock your socks off. - Romantic Times
