

Research Into Marriage (Mills & Boon Modern)

Penny Jordan needs no introduction as arguably the most recognisable name writing for Mills & Boon. We have celebrated her wonderful writing with a special collection, many of which for the first time in eBook format and all available right now. She never thought love would spoil her marriage. Harassed by her brother-in-laws loathsome advances, Jessica decided that the only solution was marriage. And the easiest way to find a husband was to advertise in the newspaper! Besides, she reasoned, the experience could prove the thesis of her book: that romantic love was not the best foundation for marriage. Lyle Garnett, a busy English doctor needing a mother for his two troublesome sons, answered Jessica's ad. He seemed equally determined to keep their relationship strictly practical. But, to her dismay, Jessica fell in love with the irascible doctor and her theory began to crumble.
