

## Fish and Ghosts (Hellsinger Book 1)

Hellsinger: Book One When his Uncle Mortimer died and left him Hoxne Grange, the familys Gilded Age mansion, Tristan Pryce became the second generation of Pryces to serve as a caretaker for the estate, a way station for spirits on their final steps to the afterlife. Tristan is prepared for challenges, though not necessarily from the ghosts hes seen since childhood. Determined to establish Tristans insanity and gain access to his trust fund, his loving relatives hire Dr. Wolf Kincaid and his paranormal researchers, Hellsinger Investigations, to prove the Grange is not haunted. Skeptic Wolf Kincaid has made it his lifes work to debunk the supernatural. After years of cons and fakes, he cant wait to reveal the Granges ghostly activity is just badly leveled floorboards and a drafty old house. More than a few surprises await him at the Grange, including its prickly, reclusive owner. Tristan Pryce is much less insane and much more attractive than Wolf wants to admit, and when his team releases a ghostly serial killer on the Grange, Wolf is torn between his skepticism and protecting the man hes been sent to discredit.
