

Flaunt

A powerful Contemporary Romance. Here is the first book in the Flaunt Series by Lucia Jordan, written in her signature style of high passion and emotion. Lily's heart is in danger, as playboy Evan Johansen proves to be a very difficult man to resist. To say Evan's reputation precedes him is an understatement famous for his work in the archeological field, he's equally well known for being able to get any woman he wants. And the woman he wants is Lily. Lily is not impressed with his jaw-dropping good looks or his suave manners; she plans to keep business strictly professional. But Johansen has different plans. He finds her beauty alluring, and her apparent disinterest in him only heightens his desire for her. The potent sexual chemistry between the two is too overpowering to ignore, will Lily be able to resist Johansen's plan to confront her with her desires? Only mature readers should download this book.
