

## Frozen Hearts (Beyond Reality Book 3)

[REPRINT-This is the same book that has been previously released, only with a new cover] Working as a camper operator for a hard-nosed producer isn't all fun and games. Kina is seriously thinking about making this reality show her last. She's known as being cold-as-ice when it comes to men, which is appropriate since they're filming in Alaska. Before she can figure out what she wants to do with her life she had to make it through this show. The Alaskan reality show is Jonathan's last gig before he goes to work in security with his brother. The shoot would be completely miserable except for the fact that the one woman in the world who is meant to be his is also a camera operator on the show. Fighting boredom and drama within the crew, hiking across glaciers, and camping in the Alaskan wilderness isn't as safe as it seems on television. An injury on the set will either bring Jonathan and Kina together, or tear them apart for good. \*\*Frozen Hearts is the 3rd and final book in the Beyond Reality Series. It can be read as a stand-alone, but it's recommended you read the books in order to get maximum enjoyment out of the series.
