

Gentle Passages: Guiding Your Daughter into Womanhood

Every woman who has an adolescent daughter recognizes her own forgotten questions and insecurities mirrored in those bright young eyes. How can she let her know that she understands these changes, too strange and intimate for her daughter to mention? How can she make the passage into womanhood not a shameful, unpleasant experience but a harmonious and joyful one -- an invitation to a treasured role in Gods eyes? Robin Jones Gunn shares stories of how this uncertain transition can become the loveliest time in the life of a mother and daughter, inspiring women with special traditions to carry on for generations to come.
