

Gypsy Moon

Dont shy away from love, it will find you anywhere... Nadira Webb remembers her grandmothers words when she meets the gaze of a sexy soldier across the ballroom floor. The instant their eyes connect she feels an undeniable, sizzling attraction. Major Logan Ross sweeps Nadira off her feet and into a whirlwind romance. Every moment together is filled with sensual caresses, every second apart an intense yearning so fierce it leaves both of them breathless. Will old fears and past memories make Nadira run away, or will she stand her ground and let love run its course?
