

## Her Shameful Secret

Claimed but not forgiven Isabella Williams would know those expensive shoes and that arrogant swagger anywhere. After months of hiding, Antonio Rossi has found her! The cravings that shed thought buried come flooding back, and with them the taste of regret for her mistake means she'll never kiss his lips again. But now she has more than just herself to think about and, hand cradling her stomach, she faces his wrath. Antonio might have masked his reasons for approaching her with business, but his need for her is entirely personal. And that's before he discovers her secret. Sizzling tension and beautifully crafted scenery, an essential read for a romantic! Lucy B, Receptionist, Leeds
