

The Schoolboy Hero

A cute story written in England in 1885 about a father who teaches his son a moral lesson. The boy wants to know how to be a hero, and his father helps him learn the different traits, including Self-Denial, Courage, Honor, Chivalry and Humility. The boy's ideas of what these things mean, and how they should be practiced, change over time. Refreshingly simple, this tale is one that any grandfather would feel good about reading to his grandchildren.
