

# Wanted

Here, is the first book of the Wanted Series, a seriously hot and provocative romance by Lucia Jordan, written in her signature style of high passion and emotion. I sit and wonder what it would be like to hear you panting my name as I slowly kiss every inch of that sinfully delicious body... Life seems tedious and unexciting for Emily Stanton until one day when she receives a mysterious package. There's a letter inside and the words, unlike any she has read, make her melt to the core. It all excites her as her wildest fantasies are described to her. The only problem is it's signed anonymously: X. But who is the mysterious X? Will Emily find herself helpless from going along with the game that has begun? This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.
