

## All the Fixin

Ever since Shea Anderson laid eyes on hazel-eyed hunk Craig Clark Evans, she longed to feel his lips pressed against hers. But that would never happen, because Craig hated her from the moment he met her at his aunts house. His dislike for her only grew after his aunt left her as the sole owner of her company, Luscious Lips. Craig Clark Evans is determined to uncover how Shea tricked his dying aunt into signing over all the stocks of the family business to her and not him, but every time he looks into her dark eyes, his desire for her grows and other more pleasurable thoughts enter his mind. However, it doesnt matter how much he might want the ebony goddess in his bed, he plans to do whatever it takes to get his family business back. Will Craig come to his senses before its too late and Sheas love for him is gone forever?
