

The Science of Getting Rich (the bilingual edition)

The inspiration for The Secret came from this legendary book! The Science of Getting Rich is the Wallace D. Wattles timeless classic guaranteed to unlock all the wealth you could ever want. [A note from Rhonda Byrne, creator of The Secret] The opening sentence of Chapter 1 of this timeless little masterpiece says it all: Whatever may be said in praise of poverty, the fact remains that it is not possible to live a really complete or successful life unless one is rich. And once I had read it and internalized its simple knowledge, my own life immediately turned around. My television production business started to go from strength to strength. My income levels soared prodigiously. Relationships miraculously healed and marvelous new ones came pouring in from all directions. This is a common experience for people who discover this miracle book. And it will for you too, once you learn and apply its down-to-earth, uncomplicated precepts. This book is the key to prosperity you have longed for. It will change your life. Be aware, as you read it, that it was written almost 100 years ago. Some of the language is a little dated (or quaint) and you'll need to come to it with an open mind and heart. Remember, though, you are about to discover an exciting new reality. You are about to learn the fundamental principles of wealth creation and life success. Stay with it. As Wallace himself says, trust and believe. Whatever you want in life is right there waiting for you. With this book, it is right in your hands. Enjoy! Rhonda Byrne -Taken from TheSecret.tv Website
