First impressions, thank goodness, really cant be trusted! When marine biologist Holly Leonard agrees to help Parker Brant write a book on giant sea turtles, she expects a charming and charismatic charter boat captainnot the strait-laced, all-business dud who greets her. For his part, Parker is surprised to find that Dr. Leonard is not the matronly grandmother he expected but a blue-eyed beauty whos lively, fun and a total klutz. Unfortunately, the harder Holly tries to shed her Holly Folly nickname, the clumsier she becomes. Hollys has breezed into Parkers well-ordered world like a hurricanebut will he welcome the disruption?
