

Making Peace with Your Past

Much of who we are, what we do, and how we feel is determined by our past. Whether they're relationships from our childhood or pressures from recent years, the events of the past can have a significant impact on our current behavior. A continual bestseller now re-launched with a new look for new readers, this insightful and perceptive book shows readers how to face and move beyond the negative events and feelings of their past. Writing from a compassionate, Christian perspective, H. Norman Wright helps readers understand who they are, who is responsible for their character, and how they can let go of the things of the past in order to live with confidence and enthusiasm.
