

Prequel: The Beginning (American Mail-Order Brides)

This 1500 word prequel is what ties together the ground-breaking American Mail Order Bride books. The project includes fifty mail order bride books, one for each state, which will be released one per day from November 19th, 2015-January 7th, 2016. Roberta, manager of a garment factory in Lawrence, Massachusetts, finds a very large discrepancy between the amount of money on hand and the amount her books say she should have on hand. When she calls in the owner to talk to him about it, she knows immediately the discrepancy is caused by him. After the factory burns to the ground a short time later, she feels responsible for the women who are now jobless. Can she find a solution that won't leave all of the women unemployed?
