

Opposites Attract (Hot Bods Series Book 4)

Francesca thought she knew what she wanted in life until one stormy night when she got a blast from the past. When Randy receives a call at his auto shop one night from a woman whose car has broken down and needs a tow, he never imagined he'd be coming face-to-face with his high school sweetheart. Randy has never loved a woman the way he loved Francesca, but she broke his heart, claiming he could never provide the life she was determined to have. That was years ago, but he's still bitter about the way she tossed him aside. Seeing Randy again, Francesca realizes what a mistake it was to breakup with him. She'd like to try to rekindle the old flame, and she can tell he's still attracted to her too, but every time they're together, all they do is argue. Can she convince Randy she isn't the girl he remembers and that she can settle for love even if it comes without money? Content Warning: explicit sex
