

Out of Control (Kincaid Brides)

Julia Gilliland has always been interested in the natural world around her. She particularly enjoys her outings to the cavern near her fathers homestead, where she explores for fossils and formations, and plans to write a book about her discoveries. The cave seems plenty safe--until the day a mysterious intruder steals the rope she uses to find her way out. Rafe Kincaid has spent years keeping his familys cattle ranch going, all without help from his two younger brothers, who fled the ranch--and Rafes controlling ways--as soon as they were able. Hes haunted by one terrible day at the cave on a far-flung corner of the Kincaid property, a day that changed his life forever. Ready to put the past behind him, he plans to visit the cave one final time. He sure doesnt expect to find a young woman trapped in one of the tunnels--or to be forced to kiss her! Rafe is more intrigued by Julia than any woman hes ever known, but how can he overlook her fascination with the cave he despises? And when his developing relationship with Julia threatens his chance at reconciliation with his brothers, will he be forced to choose between the family bonds that could restore his trust and the love that could heal his heart?
