Sage Dunbar is dealt a shattering double blow when she discovers that her fiancé has depleted her bank accounts and her father has been having an affair. Reeling with shock, she accepts a job promotion that involves relocating to Anchorage, Alaska. She never expects to cross paths with a man who will challenge everything she thought she knew about love. Gabe's sex-only relationship policy has been working just fine, keeping him free of messy entanglements and emotional baggage. Then he meets Sage, and his no-commitment ways start to lose their appeal. But Sage isn't ready to give her heart and trust to another man any time soon. With a single-minded determination that surprises even him, Gabe resolves to convince her that true love can erase every obstacle--real or imagined--in its path. . . .
