

## PowerTalk!: The Six Master Steps to Change

A breakthrough in the psychology of personal and professional success! What are the secrets to creating lasting change and improving your personal and professional life? Anthony Robbins offers a wealth of powerful ideas and strategies that you can use immediately to increase your income, influence others more effectively, improve your health, eliminate your fears, and experience more joy and fulfillment every day of your life! Tape # 1: The Six Master Steps to Change Anthony Robbins outlines and elaborates on his proven technology for creating and implementing behavioral and emotional change. Learn to break the patterns that are holding you back, and redirect your future toward greater success! Tape # 2: An interview with Mark McCormack Tony talks with the bestselling author of What They Dont Teach You at Harvard Business School and The 110 Percent Solution. Their exploration of a wide-ranging variety of subjects will give you a fascinating real-life profile of the success attitude. Special Bonus A booklet summary of highlights from Youll See It When You Believe It by renowned self-help expert Dr. Wayne Dyer. Learn to transform yourself and the world in which you live by coming to a new understanding of how you perceive your existence.
