

Changed!: A Collection of Fictional Short Stories Involving Real New Testament People (Thinkers Discuss Book 3)

Have you ever wondered what happened to the people who are mentioned in the New Testament almost in passing? This fictional book is based upon some of these real people who encountered Jesus or his apostles. The author has taken a few of them, put them into accurate historical settings, and tried to relay their feelings, emotions, and reactions to those situations. Of course, we will never know exactly what happened to these people, so the attempt is to relate what might have been. These people were not world famous, and still aren't, so history has ignored them. Sound like most of us? Yet we are important to God. These stories are designed to provide the reader with a fun and entertaining entrance into the world of New Testament times, and challenge her or him to evaluate what their own reactions would have been and what they should be today. These people lived in turbulent times with significant changes in both religion and politics. We live in turbulent times also, so let's evaluate our response to Jesus
