

Fortunate Soldier

VIETNAM 1968 AND THE MOST OUTRAGEOUS STORY EVER! This is the story of Pat Moffett, a 20-year old street smart wise-ass who went to Vietnam and came out alive. And this is the hilarious story of Pats wartime adventures in Vietnam as he runs amok on the streets and in the air embroiled with currency schemes, the black market, impersonating officers, hijacking a helicopter to get pizza, dating bar girls, running secret personal missions for army brass, cutting deals, dodging bullets, skirting police, dragged into street fights, stalked by tigers, rescuing orphans, going from being nearly arrested to getting a bronze star, and picking shrapnel out of his butt. And thats just for starters. No matter where you stand on Vietnam, youd have to be dead not to laugh at loud when reading Pats stories.
