

## The Girl Who Came Back

When Jules Bright hears a knock on the door, the last person she expects to find is a detective bringing her the news she's feared for the last three years. Amelia Quentin is being released from prison. Jules' life is very different now to the one she'd known before Amelia shattered it completely. Knowing the girl is coming back she needs to decide what to do. Friends and family gather round, fearing for Jules' safety. They know that justice was never served; every one of them wants to make the Quentin girl pay. The question is, what will Jules do; and which of them - her or Amelia - has the most to fear?
