

The Last Israelis - an Apocalyptic, Military Thriller about an Israeli Submarine and a Nuclear Iran

Apocalyptic military fiction with a powerful message. Iran has nukes. Israel's leader is hospitalized. History is now up to 35 Israelis. Ethnically diverse. Ideologically divided. On a nuclear-armed submarine.

MORE DETAILS: In this gripping doomsday thriller ripped from the headlines, Iran has threatened to destroy Israel while developing the nuclear capability to do so. Struck by a medical emergency, Israel's Prime Minister falls unconscious just as military action is needed to stop Iran's nukes. History is now up to 35 Israelis aboard the Dolphin, a powerful submarine armed with nuclear-tipped ballistic missiles. Ship unity is crucial to mission success, but deep conflicts rise to the surface among crewmembers who are ethnically diverse and ideologically divided. Tensions boil further from the rivalry between the captain and his deputy, and a childhood tragedy that quietly haunts a younger sailor whose psychological wounds could explode at any time. Thus, in addition to the naval action and plot twists found in military thrillers and war fiction, character study and psychological suspense also feature prominently in the novel. On their suspenseful voyage to Armageddon, the submariners must confront each other -- and pulse-pounding threats at sea -- before facing an unthinkable dilemma. It will be the toughest decision of their lives and it will determine the fate of the Middle East.
