Take your books to the next level by creating a professional and high quality layout for all your future books! Learn how to format your eBooks the RIGHT WAY! This eBook will walk you through every single step that you need to take when you want to write a high quality book for Kindle and every step has one or more pictures that will help you learn faster. After you go through Kindle Dynamite you will be able to write a book that has the same layout as this one and you will learn the following things that all Kindle writers must know: How to prepare the Word document before you start writing. What margins, orientation, size and columns you should use. The right style and font size for all titles and subtitles. The optimum line spacing between paragraphs. How to add bullet points and numbers and how to adjust their indent. How to insert pictures and how to compress them to decrease the delivery cost from Amazon to the readers Kindle device. And of course, How to create a clickable Table of Contents. This being said, I invite you to download today your own copy of Kindle Dynamite. Make The Layout Of Your eBook Like A PRO and take all of your books to the next level!
