

Love Found Me: The Love List, Book 2

When its Chloe Miles turn to pick a name out of The Love List she didnt expect to find true love. She just wanted to go on a date with a nice, available guy. Not one who drank too much, or was unemployed and wanted to stay that way. Or especially one who didnt know what monogamy means. Mitch Brodin didnt know his heart was in the hands of The Love List. His Fate was set the moment he set foot into Roys Pet Rescues looking for advice on how to care for new born kittens. Chloe is vivacious, unpredictable, and tons of fun, while he is methodical, predictable, and well... cynical. He surely hadnt planned on falling in love. But thats what you get when youre not looking for love.
