

The Roommate (A New Adult Novel)

Cities tend to be glamorized by movies and Instagram pictures, but the truth is its harder to live in urban areas than expected. Stepping out onto the urine-soaked streets of San Francisco can be overwhelming, especially if youre a slightly overweight, single, small-town girl. In order to cover the cost of over-priced city rent, twenty-three-year-old Mallory Bates is forced to do the responsible thing and ask a complete stranger to move in with her. Kaden Covington, her supposed Southern belle roommate, turns out to be a he rather than the she Mallory expected. Mallory has always been lacking in the boyfriend department, so shes naive to the signs of a budding relationship with Kaden until its too late to turn off the emotions. On top of an unconventional living situation, Mallorys first client at her PR firm, Rachel Hines, is a demanding nightmare. Follow Mallorys journey as she navigates through the tough firsts as an adult.
