

Trifecta

Mark and Alistair think they're happy with their open relationship they can have all the anonymous sex they want, and still come home to each other for love and affection. That changes when they discover that they've both hooked up with the same guy, and, worse, that they're both falling for him.

Tyler is a happy-go-lucky type, content with coasting through life on his good looks and charm. He doesn't have ambitions and doesn't make plans, but when he finds himself involved with Mark and then Alistair, he starts wishing that he could have something more long-term. But Tyler cares about them both too much to threaten their already strained relationship. Is the threesome destined to be a scorching memory, or can they find a way to overcome their challenges and hit the trifecta? Reprint of book originally published by Loose Id, March 2011
