

Undeniable (Arabesque)

Unforgiven When wealthy Texas heiress Rachel Malone defied her powerful father to elope with Logan Prescott, Logan truly believed that their marriage was forever. But that was before a trumped-up assault charge set the whole town--and the woman he loved--against him. With a heart full of pain, Logan fled Stanton--and the bittersweet memories of the passion he and Rachel had shared. Unforgettable When Rachel met Logan, she thought shed found the perfect love--until he betrayed her and her family. Now, eight years later, he was back--more arrogant and dangerously seductive than ever. And this time the stakes were higher. For Logan clearly wanted revenge. He also wanted Rachel. Undeniable
