

## Undenied

Payton Ricci is the last person Wes Hoffman ever expected or wanted to see again. After the disastrous sexual experience between them twelve years ago, he was only too happy to put the whole episode behind him. After all, hes come a long way since that awkward encounter between two gawky teenagers, and his ego needs no reminder. The night he sees Paytona very sexy grown-up Paytonin Zacks Bar and Grill, hes mortified by this blast from the past. Payton harbors no such reservations about seeing Wes again, and its clear she wouldnt mind catching up on old times. However, Wes cant get over his mental block where shes concerned. But thats nothing a blindfold and a little mad seduction scheme cant fix, and Payton is a very determined woman.
