

Unforgettable - Complete Series

Here, presented in one volume, are the four stories that comprise the Unforgettable Series, a seriously hot and provocative romance by Lucia Jordan, written in her signature style of high passion with searing depictions of sex and emotion. Liz has been working as a flight attendant for eight years and she's bored. While she loves helping passengers and doing her job well, she's sick of always travelling but never being on holiday. In fact, the only thing that livens up her job is occasional glimpses of the mysterious first class passenger she calls him. But when he shows up in coach, and explains that he is desperate to make Liz's acquaintance, she's blown away. He has such penetrating blue eyes, it's as if they see right to the core of her quaking sexual desires. As her mysterious and sexy stranger strives to sweep her away on an erotic adventure, will Liz's fantasies about to become reality? But sometimes fate has a way of intervening. This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.
