

Permission To Love (Mills & Boon Modern)

Penny Jordan needs no introduction as arguably the most recognisable name writing for Mills & Boon. We have celebrated her wonderful writing with a special collection, many of which for the first time in eBook format and all available right now. True love needs no approval. Lucas had always urged Lindsay to take charge of her own life, even though it meant defying her father's wishes. All that changed, however, the day Lucas was left in charge of Lindsay's inheritance and her fate. Quite suddenly Lucas withdrew his support and directed Lindsay to marry according to her father's will. He made it painfully clear that Lindsay could no longer turn to him for warmth and affection. But by the time she'd resigned herself to a future without passion with a man she did not love, Lucas changed his mind again.
